Hi Kelly,

Here is the clean version of the 2021 task table.

Will touch base with you next week on the other items.

Thanks,  
John Yagecic

John,

Thank you for submitting your updated workplan. EPA has finished their review and has no further comments. Please send me a copy of the workplan that does not have track changes on it. Let me know when you have everything submitted to grants.gov so I can alert the grants office.

Also – friendly reminder to send me an updated email requesting your CY2020 106 grant extension with performance period and budgeted dates (ie – a year extension or a 6 month extension).

Hi Kelly,

Attached please find a revised task table for DRBC's 2021 application and brief responses to EPA's comments. We are working on the grants.gov application now.

Thanks,  
John Yagecic

John,

Thank you for your timely submittal of the draft workplan and budget for the 2021 DRBC 106 grant. I've attached EPA's response to the draft workplan. Please let me know if you have any questions or comments about EPA's response. Additionally, the grant specialist will not review the draft budget until all administrative documents are received via grants.gov. I did look over the draft budget and did not see anything that needed to be resolved, but the grant specialist could identify issues once all documents are received – just a heads up.

Thanks,  
-Kelly

Hi Kelly,

Enclosed please find a Task Table and Budget submitted by DRBC as an application for 106 Grant for calendar year 2021. Upon your approval, we will formally submit via Grants.gov.

Please let me know if you need anything else from me.

Thanks,  
John Yagecic
